MediaTeam Oulu research group is looking for a

Project Researcher

for ITEA2 project:
Collaborative Aggregated Multimedia for Digital Home (CAM4Home)

What’s the job?
The task is to develop technology for the convergence of digital broadcasting and community-driven multimedia services.

The project?
The project aims at creating new technologies for metadata enabled content delivery that allow end users and commercial content providers to create and deliver rich multimedia experiences. Collaborative aggregated multimedia refers to buildup and composition of individual multimedia content elements and services into a composition that can be delivered as a semantically coherent package over communication channels.

MediaTeam?
MediaTeam Oulu is a research group in the Information Processing Laboratory of the Department of Electrical and Information Engineering, University of Oulu. (third floor of the Tietotalo building). MediaTeam, founded in 1997, is a multi-disciplinary group and employs some 40 researchers and research assistants from several different fields.

Requirements for the applicant

- Interest in technology related to distributed multimedia applications and network technologies
- Fluent spoken and written English
- Preliminary knowledge of Java, C/C++ or UML
- Capability to gain knowledge of advanced multimedia processing algorithms and multimedia standards (such as TV-anytime and DVB-H)
- Students at their Master’s thesis level, interest for post-graduate studies
- Initiative and team working skills

What you receive?

- An opportunity to work with newest multimedia applications and advanced multimedia processing technology
- Opportunity to proceed in your academic degree
- International working environment
- Facilities to develop yourself both by combining academic studies and software development experience
- Research experience

How to apply?

To apply for a position, send us an informal letter of application. Please include your CV and copies of all prior degree certificates (B.Sc., M.Sc., if you are a basic degree student, also include an official transcription of records and a copy of your secondary school certificate).

Only applications sent by 31 January 2008 to the address below will be considered:

MediaTeam
Marika Leskelä
PL 4500
90014 University of Oulu
Finland

No electronic applications.
